LA PUERTA

1951–1952

Foreword

Another year at Caruthers High has become history. In a few years, the vivid memories will fade from our minds, yet will never be forgotten. For in this book we have tried to immortalize a few happenings of this year. Here, forever, you and your friends will be as you are today.

We are dedicating our book to the backbone of our school, the Board of Trustees. They have given unselfishly of their time and energy for our benefit.

Along with our Board of Trustees, we are honoring our most active organization, the Future Farmers of America in the 1952 La Puerta. They have established a good record for themselves in the county, and have gained recognition on a state-wide basis.

WE DEDICATE

MR. COX

The School Board represents all people. Chosen to control a public trust, it has no time or place for selfish or petty purposes. Through the school system, it builds America's future.

Under the able guidance of Mr. Masini and Mr. Kramer, our advisors, the annual staff has been able to put out a book we hope meets the approval of the student body.

The members of the staff would like to express their appreciation to the faculty and students for their splendid cooperation. As you read this book, may it revive pleasant memories of Caruthers High.

Principal's Message

Your loyal cooperation and your intelligent use of all that your school has placed at your disposal, has made the past year one of the best in the history of the Caruthers Union High School. You have stimulated the Administration and the Faculty of your school to exert themselves in new efforts to assist you. The progress that you have made during this school year should help to make this year an unusually profitable one for all of us, and should spur us on to even greater achievements.

Let us be proud that we are AMERICANS. That is our birthright and our heritage. We can go where we want, we can say pretty much what we please. We can read what interests us. We can worship according to our own conscience. This is the AMERICAN way of life as expressed in our high school. And we love it. It is known by its rapid tempo; its good fellowship; its spirit of give and take, and above all its great public school system.

Despite different economic and social levels, there abides in our high school a kind of common fellowship and good sportsmanship. It is my sincere wish that these attitudes and appreciations will always remain a part of you as you continue to grow, to win strength, and to march forward. I wish you health, happiness and success in all that the future has in-store for you.

CLASS HISTORY

Lipsticked and browbeaten, the lowly scrubs, later to be referred to as the class of '52, entered the halls of C.U.H.S. in the fall of 1948. With hopes high and a determination to make a place for themselves, they established a reputation as the rowdiest class in years, as most Freshman classes do, especially to their superiors, the Sophomores. Nevertheless, in their four years here, they have come to be one of the most active and successful classes of C.U.H.S.

After the Principal, Mr. James Edmonson, established order at their first class meeting, by stopping such activities as spit-wads, haircombing, and hair pulling of the cutest Freshmen girls, nominations were made for President. When Melvin Farmen was nominated, he rushed to the platform and clasped his hands above his head. A cheer emerged from the throats of the assembled throng. He was elected. Pretty Joan Taylor was elected Vice President, Dick Beck became Secretary and Treasurer and Leon Chapman held down the responsible job of being Student Council Representative. Lee Ola Reddell became the charming yell leader.

In the annual fair at Caruthers, the "Fighting Freshman" won $15 on a float in the parade. Violet Gomes had the idea of stuffing chicken wire with napkins around the sides of a vineyard trailer. On top of the trailer was a boxing ring. Inside were two flyweight girls, Joyce Smith and Betty Koontz, battling it out with gloves. Violet kept them from breaking any fingernails or something equally as serious. She was attired in a striped shirt that was slightly large, and acted in the responsible position of referee for the event.

In their Sophomore year, the class came from the last place to first place in inter-class sports to win the trophy. They also gave an assembly for the entire student body. A group of boys, Spike Jones and his City Slickers, wowed 'em! The officers of their Sophomore Class were as follows: Charlie Farmer, President; Harry Buchaklian, Vice President; Mildred Dostinich, Secretary; Avery Harris, Treasurer; Don Sorensen, Student Council Representative; and Judy Helm, yell leader.

The inter-class athletic trophy was again captured by the Class of '52 in their Junior year. They netted about $300 from a booth at the fair, a Queen contest, and concessions at the athletic events. After many a weary battle, they finally gave the Seniors a very successful prom. The theme was an oriental garden. Martha Denniston was Chairman of the prom committee. She received valuable help and technical advice from Nina Taniguchi.

The following officers were chosen to guide the class in their Junior year: Leon Chapman, President; Dick Beck, Vice President; Harvey Lane, Treasurer; Bill Gattenby, Student Council Representative; and Sue Harris, yell leader.

In their Senior year, they prided themselves with having four students meet the requirements to life-time membership to the California Scholarship Federation. They are Mildred Dostinich, Martha Denniston, Raymond Simons, and Elizabeth Scott. Bill Gattenby became President, Vice President was Don Sorensen, Melvin Farmen, Secretary and Treasurer, Dick Beck was a very effective Representative to the student council, and Julie Moore was cheerleader.

All in all, the Class of 1952 experienced a very successful four years here, in addition to serious thoughts. They will go from here, each to his separate way, probably never to be assembled again. But we shall remember and hold dear these years as the happiest of our lives.

The Student Council is perhaps the most important organization of the school. It consists of representatives from the largest organization of the Student Body. This group is entrusted with making some very important decisions concerning the school activities, policies, and governing of various other organizations. This is very valuable to the students in that it is a practice of self-government. All opinions are allowed to be voiced. Here the students and the administration intelligently discuss the executive problems of student activity. It fosters an acceptance of responsibility and offers a good experience in leadership.

President Melvin Farmen has done an excellent job of presiding over all meetings. He has been called upon to represent our school in various ways and has always proved capable in these situations. All Student Body officers are members of the Student Council. They are as follows: Dena Cline, First Vice President; Kenneth Bean, Second Vice President; Marjorie Dostinich, Secretary; Roberta Glass, Treasurer; Violet Gomes, Assistant Treasurer; Raymond Simons, Business Manager of the Student Body; Joe Fontes, Assistant Business Manager; Elizabeth Scott,

In addition the presidents of each class are members of the Student Council. The Class Presidents are Janet Sinclair, Freshman Class; Bob Barram, Sophomore Class; John Jackson, Junior Class, and Bill Gattenby, Senior Class. Each class is allowed one other representative. They are as follows: Freshman, Gerald Sorensen; Sophomore, Shirley Fortner; Junior, Lee Boyd; and Senior, Dick Beck.

During the past year the Student Council has sponsored a dance, awarded the letters and other athletic awards, sponsored several assemblies, and made decisions concerning Honor Study, the procedure of spending class funds, and policies of our Student Body.

Our Student Council wishes to express its appreciation to Mr. Edward Range and Mr. Claude Ellison for their help as advisors. The Council is also deeply indebted to Mr. Donn Freasier for helping the treasurer and her assistant in auditing the books.

Girls' League

The Girls' League started this year with a very low spirit, $1.23 in the treasury, and no President. Wilma Saint stepped from the position of Vice President, to become a very successful President. Miss Samuelson has been a very able advisor, and has deserved and received the utmost co-operation of the students.

The annual Christmas party proved to be a huge success. Each class had concessions, in which about $5.00 was earned for the organization. A chicken dinner was served and later gifts were exchanged. This activity, being the high point of the year, spurred them on to the rest of the activities of the year.

The Caruthers Chapter of the Future Farmers of America made this year an outstanding one in the annals of the Chapter. They started the year's activities during the summer with a Farm Safety Campaign, a swimming party, a fishing trip to Shaver Lake, a landscaping field day around the Agricultural Building, a trip to Camp Lillard at the State Fair, where they placed first in the judging of milking Shorthorns, and first in Showmanship in the "Million Dollar Livestock Parade." They made several livestock buying trips throughout the San Joaquin Valley and added many fine purebred animals to the boys' stock.

At the start of the school the Chapter placed second in the Livestock Sweepstakes at the Fresno District Fair. The Chapter members also won prize money at the Chowchilla and Madera Fairs. The Caruthers Fair F. F. A. Livestock and Poultry Show, managed by the boys, was regarded as a classic of efficiency and excellence by many valley journalists and livestock writers. This year the Chapter had a joint F. H. A.-F. F. A. booth at the fair.

The Chapter enjoyed a Boxing Show, went on a Snow Party, traveled to the coast for a Deep Sea Fishing Trip, held a Talent Show, participated in National F. F. A. week by setting up window displays, showing the values of the F. F. A. organization, held a Barn Dance, had a local Project Competition Program, instituted a Home Ag. Shop Competition, en-

joyed an F.F.A.-F.H.A. chicken dinner, staged a scrap iron and paper drive which spark-plugged all the F.F.A. scrap drives in the county, planted a tree for Arbor Day, established a school farm irrigated pasture, started a community artificial insemination circle, held a Rodent Control Contest, honored former local F.F.A. members with a Chicken Barbeque, sent warm clothes to Korean children, sent delegates to the Officers Training School, improved the Chapter Feed Co-Op.

The Chapter participated in both State F. F. A. Conventions, the Vine Pruning Contests in Fresno, the California Holstein Judging Contest, the Parliamentary Procedure Contest, the Davis Picnic Day, the Vanderhoof Field Day, the Hacienda De Los Reyes Beef Judging Field Day, the Adobe Dairy Day, the Fresno-Madera Project Competition, and sent six judging teams to the State Judging Finals at Cal Poly.

The year's activities were concluded with a Parent and Son Banquet which drew a record crowd, and a trip to the State F. F. A. Camp to the High Sierras.

The Caruthers F. F. A. Chapter can sincerely say they have had a busy, happy and profitable year of "Learning by Doing."

The primary purpose of this organization is to promote appreciation of homemaking.

A few of the projects carried out this year have been: the adoption of a German homemaking class, with whom they corresponded; the sponsorship of the Christmas Formal Dance; and a progressive party. Throughout the year the Future Homemakers worked in cooperation with the Future Farmers organization.

EARNING to LIVE

Board of Trustees

The Board of Trustees meets the first Wednesday of every month to establish the policies of this school. To them goes our thanks for the tireless efforts they have given for the betterment of our school. They receive no other compensation but the knowledge that they are doing their civic duty. To this very deserving group of men, we dedicate our annual.

Mr. Hans Hansen, Mr. Fred Cox, Mr. Harry Anderson, Superintendent of Schools; Mr. W. M. Prather, President of the Board of Trustees; Mr. Edward Range, Principal of the High School; Mr. Ray Packer, and Mr. Art Klepper.

EDWARD E. RANGE
Principal

HARRY R. ANDERSON
Superintendent

Hard work, earnest endeavor, and exceptional co-operation among our administration have gone in to make this year a very successful one. These people have worked under such handicaps as little finances and facing a completely new staff. To these people, Mr. Anderson, Mr. Range, Mr. Ellison, Miss Samuelson and Miss Adams, we owe our gratitude. They have done an exceptional job. They have had the backing of a very capable staff of teachers.

Mr. McDonnell
Instructor

Too many times all the credit in sports of a school goes to the Varsity teams and other teams that are many times in the spotlight. The real purpose of Physical Education classes is to build teamwork and promote sportsmanship. A great deal of this work is done not by a winning Varsity, but in the Physical Education classes. A large percentage of their students never make the teams, but they have learned just as much in fair play.

Much credit goes to the behind-the scene instructors.

Miss Contel

Miss Jeanne Contel has completed a very effective P.E. program. Team-work, fair play, sportsmanship and democracy have been stressed along with development of skills. Miss Contel has also displayed much talent as an artist in decorating the girls' locker room. Her clever ideas have done much to brighten our school days.

CREED

I believe in the future of Farming, with a faith born not of words but of deeds—achievements won by the present and past generations of Farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.
